

Stoneledge at Lake Keowee

Owners Association Inc

August 30, 2024

Stoneledge has contracts with Rocket Pest Control for two separate policies. The community is bonded for Termite Control and also provides to its residents a Pest Control contract for exterior spraying to all foundations on a quarterly basis.

As part of the quarterly contract, if an owner experiences an issue with live insects inside their home, Rocket Pest will come out and spray the interior of the home. The phone number to call is 888-737-8001. The Stoneledge account number is 112941 and the billing address of the account is 521 Sunset Point Dr.

Please be advised that the following 4 pests are **EXCLUDED** from the Pest Control Contract: **Ticks, Bedbugs, Fleas, and German Cockroaches**. These insects are excluded from the policy essentially due to the fact that they are “brought into the home” and the owner is responsible for controlling the issue. The HOA is not responsible for such infestations and highly recommends the owner be proactive and contact Rocket Pest Control immediately if any of these 4 pests are noticed in the interior of the home or garage.
